Key Performance Indicators:
2021 Community Colleges Report
Fall 2022 Report

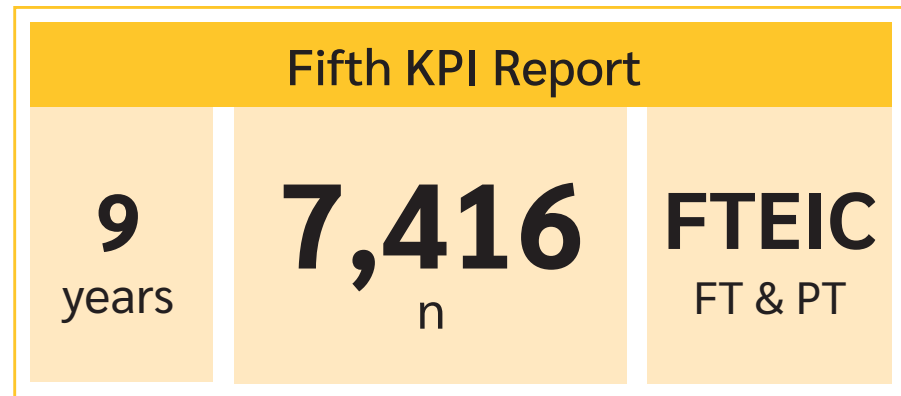

CSCU Student Success Key Performance Indicators: 2021 Community Colleges Report'

→ This is the fifth annual CSCU report on Student Success Key Performance Indicators (KPI) containing leading indicators of student success for First Time Ever in College (FTEIC) students. It has been updated to include fall 2021 students (n = 7,416), expanding the data set to nine (9) years.

All 7,416 students who attended in fall having never previously attended a higher education institution are included in this data set. This includes full-time and part-time students.

This report is disseminated annually to faculty, staff, and administrators of all CSCU community colleges as directed by the CSCU Board of Regents. The report is presented jointly by CSCU Success and the CSCU Office of Decision Support and Institutional Research (*formerly the Office of Research and System Effectiveness or ORSE*).

CSCU BOR & Guided Pathways

In their 2018 resolution (BR-089), the CSCU Board of Regents (BOR) committed the CSCU system to implementing the Guided Pathways framework to improve and increase student enrollment, retention, and completion for Connecticut State Community College (CT State).

To support their resolution, the CSCU BOR adopted five (5) transformational Guided Pathways policies. The suite of Guided Pathways policies are:

- 1 Student Success Key Performance Indicators**
October 2018 
- 2 Areas of Study**
January 2019 
- 3 Holistic Case Management Advising**
April 2020 
- 4 CCS 101: College and Career Success**
June 2020 
- 5 Alignment & Completion of Mathematics & English**
May 2021 

Coordinated & Comprehensive Suite Of Reforms

WITH A COMMON GOAL TO HELP MORE STUDENTS SUCCEED

These five (5) Guided Pathways policies represent a comprehensive set of reforms that share the common goal of helping more students successfully complete their postsecondary credential in a timely fashion by:

- minimizing credit loss
- removing structural barriers to completion
- providing comprehensive holistic support to students

To learn more about the Guided Pathways policy work, read the [Guided Pathways Task Force Final Report](#).

Why Key Performance Indicators (KPIs)?

Community colleges are measured by long-term indicators such as three-year completion rates. However, when we focus solely on these long-term measures, it is difficult to determine whether our educational innovations are effective in the near term.

Short-term measures, such as semester-to-semester persistence, provide timely feedback but do not always correlate with long-term completion rates. Therefore, this report focuses on short-term student success KPIs demonstrated nationally to correlate with completion. These data, which are available quickly and help predict eventual success, are known as leading indicators.

Advancing Towards Equity

CSCU BORs' Guided Pathways policies were carefully and intentionally designed to support CT State's work to improve and increase student success and equity. When implemented simultaneously and at scale, similar asset-based reforms implemented by peer institutions across the country have demonstrated to be a powerful tool for advancing equitable student success.

Per the Guided Pathways policies adopted by the BOR, CT State will complete implementation no later than 2025. As we approach the release of the 2025 KPI report, CSCU will look to the KPIs to illustrate and celebrate advancements in closing institutional performance gaps.

Appendix: Data Definitions

Term	Definition
Cohort	New degree seeking students as recorded at time of Fall census.
N	Total number of students in the Cohort.

KPI	KPI Description
1	Percentage of students who have earned 15 or more college-level credits after year one (Fall, Winter, Spring, and Summer terms). Numerator: The number of students in cohort who have earned 15 or more credits in 100 or 200 level course work during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
2	Percentage of students who have earned 24 or more college-level credits after year one (Fall, Winter, Spring, and Summer terms). Numerator: The number of students in cohort who have earned 24 or more credits in 100 or 200 level course work during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
3	Percentage of students who have earned 30 or more college-level credits after year one (Fall, Winter, Spring, and Summer terms). Numerator: The number of students in cohort who have earned 30 or more credits in 100 or 200 level course work during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
4	Percentage of students who have passed (C or better) college-level math in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level Math course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
5	Percentage of students who have passed (C or better) college-level English in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level English course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
6	Percentage of students who have passed (C or better) both college-level math and college-level English in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level English and Math course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.

KPI	KPI Description
7	Percentage of students who have completed (D- or better) college-level math in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'D-', 'D', 'D+', 'C-', 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level Math course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
8	Percentage of students who have completed (D- or better) college-level English in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'D-', 'D', 'D+', 'C-', 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level English course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
9	Percentage of students who have completed (D- or better) both college-level Math and college-level English in year one (in Fall, Winter, Spring, or Summer terms). Numerator: The number of students in cohort whose final grade was a 'D-', 'D', 'D+', 'C-', 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in a 100 or 200 level English and Math course during the period beginning in the Fall term and concluding in the Summer term. Denominator: Total number of students in the Cohort.
10	Percentage of students who have earned 6 or more college-level credits in first term (Fall). Numerator: The number of students in cohort who have earned 6 or more credits in 100 or 200 level course work during the Fall term. Denominator: Total number of students in the Cohort.
11	Percentage of students who have earned 12 or more college-level credits in first term (Fall). Numerator: The number of students in cohort who have earned 12 or more credits in 100 or 200 level course work during the Fall term. Denominator: Total number of students in the Cohort.
12	Percentage of students who persisted from term one to term two (Fall to Spring). Numerator: The number of students in cohort enrolled in the Fall and Spring term. Denominator: Total number of students in the Cohort.
13	The average rate of college-level course passing (C or above) in students' first academic year (in Fall, Winter, Spring, and Summer terms). Numerator: The total number of 100 or 200 level courses taken by the Cohort with a final grade of 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in the period beginning with the Fall term and concluding with the Summer term. Denominator: the total number of 100 or 200 level courses taken by the Cohort during the period beginning with the Fall term and concluding with the Summer term.
14	The average rate of college-level course completion (D- or above) in students' first academic year (in Fall, Winter, Spring, and Summer terms). Numerator: The total number of 100 or 200 level courses taken by the Cohort with a final grade of 'D-', 'D', 'D+', 'C-', 'C', 'C+', 'B-', 'B', 'B+', 'A-', 'A', or 'A+' in the period beginning with the Fall term and concluding with the Summer term. Denominator: the total number of 100 or 200 level courses taken by the Cohort during the period beginning with the Fall term and concluding with the Summer term.

KPI	KPI Description
15	Percentage of students who have attempted 12 or more credits, including developmental, in the first term (Fall). Numerator: The number of students in Cohort who have attempted 12 or more credits in 'below 100', 100, or 200 level course work during the Fall term. Denominator: Total number of students in the Cohort.
16	Percentage of students who have attempted 15 or more credits, including developmental, in the first term (Fall). Numerator: The number of students in Cohort who have attempted 15 or more credits in 'below 100', 100, or 200 level course work during the Fall term. Denominator: Total number of students in the Cohort.
17	Percentage of students who have attempted 30 or more credits, including developmental, in the first year (in Fall, Winter, Spring, and Summer terms). Numerator: The number of students in Cohort who have attempted 30 or more credits in 'below 100', 100, or 200 level course work during the Fall term. Denominator: Total number of students in the Cohort.
18	The average number of credits attempted in the first term (Fall). Numerator: The sum of credits of any kind attempted by all students in the Cohort. Denominator: Total number of students in the Cohort.
19	The average number of credits earned in the first term (Fall). Numerator: The sum of credits of any kind earned by all students in the Cohort. Denominator: Total number of students in the Cohort.
20	The average number of credits attempted in the first year (in Fall, Winter, Spring, and Summer terms). Numerator: The sum of credits of any kind attempted by all students in the Cohort in the Fall, Winter, Spring, and Summer semesters. Denominator: Total number of students in the Cohort.
21	The average number of credits earned in the first year (in Fall, Winter, Spring, and Summer terms). Numerator: The sum of credits of any kind earned by all students in the Cohort in the Fall, Winter, Spring, and Summer semesters. Denominator: Total number of students in the Cohort.
22	The percentage of students who earned zero credits of any kind in the first term (Fall). Numerator: The number of students in the Cohort who received zero credits in the Fall term for all course work ('below 100', 100, or 200 level courses) taken. Denominator: Total number of students in the Cohort.
23	Percentage of students who earned zero college-level credits in the first term (Fall). Numerator: The number of students in the Cohort who received zero credits for all 100 or 200 level course work taken in the Fall term. Denominator: Total number of students in the Cohort.
