A Certified True Copy:

James A. Frost
Executive Director
Title: Assistant Director of Media Center/Adm. II from Media Engineer/Adm. II

Fund: General

Position Type: Permanent X Part-time ___

Effective Date: Upon Board Approval - May 2, 1980

Cost: From $22,533 to $23,849 difference of $1,317

Campus: Eastern CT State College

Proposal: To alter present position of Media Engineer to Assistant Director of Media Center.

Summary: As part of overall reorganization takes current position of Media Engineer (Zatowsky incumbent) and alters duties to assisting Director of Media Center. Complete job description and plan for reorganization attached.

Date: April 17, 1980
Under the supervision of the Director of Media Center, the Assistant Director provides services in the technical, operational, instructional, and administrative areas of the Media Center including the following:

1. Assumes major responsibility for the television studio including decision-making functions related to such elements as lighting requirements, set design, video tape editing, color video engineering and F.C.C. engineering standards.

2. Acts as station manager of the FM radio station and is responsible for its overall operation.

3. Maintains the electronic integrity of a professional quality color television studio, remote access information retrieval system, an RF distribution system and an FM radio station including planning and designing new systems and maintaining and modifying existing ones.

4. In the absence of the director, assumes responsibility for the office as assigned.

5. Trains faculty and students in the various techniques of television and audio production.

6. Prepares maintenance and equipment budgets, specifies the purchasing of supplies and capital equipment, schedules projects, supervises studio personnel and coordinates activities with outside organizations.

7. Attends workshops and meetings on an off campus as required.

8. Works with appropriate personnel (faculty, staff and authorized outside users) in the development of program materials.

9. Performs other duties and responsibility related to duties enumerated above which do not alter the basic level of responsibility of the position.
Under the supervision of the Dean of Professional Studies
the position of Media Engineer provides services in the technical,
operational, instructional, and administrative areas of the media
center including:
