Dear Don:

On behalf of the Board of Trustees of the Connecticut State Colleges and Southern Connecticut State College, I wish to report a change in program designation of the Marital and Family Counseling track in the M.S. and Sixth Year Program in Counseling at Southern. The Trustees have authorized the redesignation of this track as a single, sixty semester hour program to be called the Master of Family Therapy. I request a change in Southern's program inventory to reflect this new designation.

The Marriage and Family Counseling track in the M.S. and Sixth Year program has been in existence at Southern since the mid-1970's. What is now proposed is a name change only. This is substantiated by the fact that the program under its new designation will require the same number of hours as the existing M.S. plus Sixth Year program. There will be no new faculty or other resources necessitated by this change. No particular change is foreseen in student enrollment. Current enrollment is approximately one hundred students.

The purpose of the name change is to reflect more accurately current terminology in the field. This is a matter of special concern to students in the program who naturally wish their degree to be recognizable in light of current terminology.

A copy of the Board of Trustees action on this matter is enclosed as well as a copy of a September 1979 BHE resolution authorizing a fee schedule for the Family Counseling Clinic which provides laboratory experience for this program.

Please let me know if I can provide further information.

Sincerely,
