PROPOSAL:

To convert a position of Associate Professor, which is becoming vacant by reason of resignation, to the position of Assistant Dean of the School of Business-Administrator IV. The target hiring range is to be $28,000 to $34,000. The Associate Professor who is resigning is making $30,449 for the nine month 1984-85 academic year.

JUSTIFICATION:

This change will provide more effective coverage of administrative duties now handled by faculty members on a released time basis and by a part-time University Assistant. The net impact on full-time faculty effort available for the classroom will be zero, since the amount of faculty load thus freed from administrative released time equals one full-time person.
