PROPOSAL

To reclassify position of Personnel Officer I, classified management, to Assistant Director of Personnel Administration, unclassified management. (Please see old and new job descriptions)

JUSTIFICATION

The position is currently under the State's management incentive pay plan but, because there are so few such positions within the whole CSU system there is no MIP plan for CSU. State Personnel has suggested that, in fairness to the personnel involved, we should transfer them to the unclassified service. The incumbent is actually performing duties at a higher level than her current classification. The salary increase would recognize that fact, compensate for the change from late June to September in annual increase date, and allow for salary adjustments planned by the State for similar classified personnel.
