EXPLAIN THE NATURE OF THE PROPOSAL:

To establish a full time Computer Repair Technician position to do on-site trouble shooting and maintenance of the University's personal computers, networks and related hardware and software.

JUSTIFICATION:

We have investigated an outside service contract and find it to be prohibitively expensive because of the quick turn around needed.

Additionally, the quality and delivery of service will be greatly improved with a dedicated position rather than part time people or on-call service personnel.
