Source: BOR completions database used for IPEDS reporting

IMPORTANT NOTE: Enrollments during this period are the primary driver of increased completions; as more students from Generation Y enrolled in college, more completions were observed a few years later.

**About these data**

Reporting of completions here conforms with definitions set forth for data collection through the Intergrated Postsecondary Education Data System (IPEDS). Formal awards conferred as the result of completion of an academic or occupational/vocational program of study. Only CIP codes describing academic or occupational/vocational programs of study are included. The instructional activity completed as part of the program of study must be credit-bearing, but can be measured in credit hours, contact hours, or some other unit of measurement. Awards were conferred between July 1 and June 30 of the years listed.

Source: BOR completions database used for IPEDS reporting

IMPORTANT NOTE: Enrollments during this period are the primary driver of increased completions; as more students from Generation Y enrolled in college, more completions were observed a few years later. Small numbers of completions in a basis year can lead to large percent change calculations

**About these data**

Reporting of completions here conforms with definitions set forth for data collection through the Intergrated Postsecondary Education Data System (IPEDS). Formal awards conferred as the result of completion of an academic or occupational/vocational program of study. Only CIP codes describing academic or occupational/vocational programs of study are included. The instructional activity completed as part of the program of study must be credit-bearing, but can be measured in credit hours, contact hours, or some other unit of measurement. Awards were conferred between July 1 and June 30 of the years listed.

**About these data**

Reporting of completions here conforms with definitions set forth for data collection through the Intergrated Postsecondary Education Data System (IPEDS). Formal awards conferred as the result of completion of an academic or occupational/vocational program of study. Only CIP codes describing academic or occupational/vocational programs of study are included. The instructional activity completed as part of the program of study must be credit-bearing, but can be measured in credit hours, contact hours, or some other unit of measurement. Awards were conferred between July 1 and June 30 of the years listed.

#### About these data

Reporting of completions here conforms with definitions set forth for data collection through the Intergrated Postsecondary Education Data System (IPEDS). Formal awards conferred as the result of completion of an academic or occupational/vocational program of study. Only CIP codes describing academic or occupational/vocational programs of study are included. The instructional activity completed as part of the program of study must be credit-bearing, but can be measured in credit hours, contact hours, or some other unit of measurement. Awards were conferred between July 1 and June 30 of the years listed.
