## COMMUNITY COLLEGE

### Selective Admissions

The application process for the following selective admissions programs has changed for the 2023-2024 academic year.

For the Fall 2023 and all subsequent semesters, you will be applying to CT State Community College.

Applicants who meet the admission requirements may apply to multiple selective admissions programs (e.g., nursing and radiography and veterinary technology). However, only **one** campus location may be chosen per selective admission program.

| Selective Admission Program            | Campus Locations | Application Period     | Start Term                               |

Selective admissions applicants must create an Admissions Application Account online:  
<https://ctstate.elluciancrmrecruit.com/Apply/Account/Login?ReturnUrl=%2fApply>

NOTE: This link will not be live until October 1, 2022.

### **If you already have an Admissions Application Account**

Login to start a new application; click 'Create a New Application', select nursing and health careers as area of study, and then select your selective admissions program as your program of interest.

### **If you are a continuing or returning CT Community College student and do not have an Admissions Application Account**

Create an Admissions Application Account; select nursing and health careers as area of study, select your academic program as your program of interest, and submit your application.

### **If you have never applied online at any of the 12 CT Community colleges**

Create an Admissions Application Account; select nursing and health careers as area of study, select your academic program as your program of interest, and submit your application.

## **Timeline of Communication with Applicants & What to Expect**

### **Incomplete Application**

- All applicants will receive reminder emails with missing supplemental items information to their personal email address every ten days from the date of application submission through the application closing date. If missing items are not submitted by the application deadline, you will be an ineligible applicant.
- It is the student's responsibility to check their Admissions Application Account and submit all missing items.

### **Decisions**

- All selective admissions decisions for the Fall 2023 entry term will be viewable on April 5<sup>th</sup> on the Admissions Application Account.
