The Connecticut Community Colleges that offer the nursing program are Capital (Hartford), Gateway (New Haven), Naugatuck Valley (Waterbury), Northwestern CT (Winsted), Norwalk (Norwalk), and Three Rivers (Norwich).

Applicants to the Connecticut Community College Nursing Program must submit all application materials to the Admissions Office at their College of Choice by February 1, 2021. The **College of Choice** is defined as the Community College the applicant wishes to attend. Documents should only be submitted to your College of Choice.

Applicants must successfully complete all nursing program admission requirements no later than the February 1, 2021 deadline. The **only exception** is BIO*212 (Anatomy & Physiology II). If you have not taken BIO*212, you must be enrolled in this course during the spring 2021 semester, and provide evidence of enrollment if you are not taking the course at your College of Choice. Evidence of enrollment would include a class schedule or copy of a registration form.

Once your online application has been submitted, you will receive a confirmation email. **Please note, all emails will be sent to your community college email address. You can look up your email address in myCommNet or by using the NetID Lookup Utility at** [http://www.ct.edu/netid](http://www.ct.edu/netid). **Make sure your community college email has the clutter folder option disabled (see page 5 of the 2021-2022 Information Packet).** Please be sure to have an updated mailing address and phone number in Self Service. **Notification regarding admission into the program is done through Self Service. No acceptance letters will be mailed.**

The following documentation must be received by your College of Choice no later than February 1, 2021. **Incomplete applications will not be considered for admission.**

- General College application submitted to the College of Choice (separate from the nursing program application) go to [https://ct.elluciancrmrecruit.com/Apply](https://ct.elluciancrmrecruit.com/Apply).
- Online CT-CCNP application.
- Official high school transcripts* or high school diploma indicating date of graduation, General Educational Development (GED) diploma, or State High School Equivalency diploma. If the applicant is using high school chemistry to satisfy the admission requirement, official high school transcripts are required.
- Official SAT I and/or ACT score reports, if applicable.
- Official College/University transcripts from ALL colleges ever attended (including all CT Community Colleges), regardless of the age of the transcripts and applicability to the nursing program.*
- Official TEAS results, if not taken at a CT Community College.
- Official AP, CLEP, DANTES & other military transcripts must be submitted if the applicant is using one of these tests to meet a specific admissions requirement.
- Proof of immunizations- consult with your College of Choice for current immunization requirements.

* All transcripts must be final transcripts. Students taking courses in the fall or winter semester prior to applying must submit transcripts that include their fall & winter grades. **All transcripts (including those with course withdrawals, course failures, and remedial/developmental courses) must be submitted regardless of the age of the transcripts and applicability to the nursing program. This includes any college credits earned while in high school.**
Admission Requirements

• Proof of high school completion.

• A score of 40 or higher on the College Level Math portion of the Accuplacer/College of Choice QAS+ cut score on Next Gen Accuplacer; OR SAT I Math score of 550/570 on the new SAT math or higher; OR a score of 22 or higher on the ACT Math test; OR Connecticut Community College MAT*136 or 137, or equivalent or higher, with a grade of C or higher, completed prior to application deadline of February 1, 2021.

• One year of high school Chemistry with a lab or Connecticut Community College CHE*111 or equivalent with a grade of C or higher, completed within five years prior+ to application deadline of February 1, 2021.

• Applicants to Norwalk ONLY: A passing score on the computer proficiency test (taken at Norwalk) or completion of Connecticut Community College CSA*105, CSA*106 or CSC*101 or equivalent, with a grade of C or higher, completed prior to application deadline of February 1, 2021.

• Connecticut Community College ENG*101: English Composition, or equivalent, with a grade of C or higher, completed prior to application deadline of February 1, 2021.

• Connecticut Community College BIO*211: Anatomy and Physiology I, or equivalent, with a grade of C+ or higher, completed within five years prior+ to application deadline of February 1, 2021.

• Connecticut Community College BIO*212: Anatomy and Physiology II, or equivalent, with a grade of C+ or higher, completed within five years prior+ to application deadline of February 1, 2021 or completed during, but no later, than the spring semester of application year.

• 2.7 Nursing Admission GPA- based only on the college courses with grades that meet the nursing admission and nursing program curriculum requirements. The Nursing Admission GPA is a calculation specific to CT-CCNP applicants and may differ from your college GPA. (please note: if an applicant is using a course from a Fresh Start semester to meet a nursing admission or program curriculum requirement, that course will count in the calculation of the applicant’s Nursing GPA.)

• TEAS score. Applicants must have an adjusted individual total score of 53.3% or higher, and must be submitted by February 1, 2021. TEAS scores prior to November 1, 2017 will not be accepted.

+ “Five years prior” is defined as having completed the course between December 2015 (fall 2015 semester) and February 1, 2021 (winter session 2020).

CT-CCNP Re-Entry Policy
Students may re-enter the CT-CCNP only once through reapplication or readmission. Please refer to page 21 of the Nursing Student Handbook, http://www.ct.edu/files/pdfs/nursing-handbook.pdf for the specific details regarding this policy.
A Note on Educational Advancement

The CT-CCNP supports lifelong learning and strongly encourages the educational advancement of graduates to the baccalaureate degree in nursing and beyond. Through specifically negotiated articulation agreements, graduates of all colleges offering the CT-CCNP have the opportunity to continue their education at a number of baccalaureate degree programs and higher. Final acceptance to any of these advanced nursing programs will require successful completion of a CT-CCNP Associate Degree in Nursing.

At the conclusion of the CT-CCNP application, you will be asked to select two RN-BSN/MSN programs that are of most interest to you. It is the hope of the CT-CCNP that you choose to participate in this important initiative. For additional information on the specific agreements, please visit our website: http://www.ct.edu/academics/nursing.

Information on Background Checks & Toxicology Screenings for CT-CCNP Students

The CT Community College Nursing Program may be required to process criminal background checks and toxicology screenings on nursing students who affiliate at clinical sites. The purpose of the background check and/or toxicology screening is to ensure a safe and protective environment for all clients, particularly populations at risk: children, the elderly, and the disabled.

Students that are admitted to the CT-CCNP must follow the instructions for securing a background check and/or toxicology screening and sign a release to allow this information to be sent to the Nursing Department. Students choosing not to consent to this procedure will be ineligible to participate in the required clinical portion of the course and will not progress in the program.

Results of student background checks and toxicology screening do not become a part of the student’s educational record, as defined by the Family Educational Rights and Privacy Act (“FERPA”). If you cannot participate in a clinical rotation at an assigned facility, you will not be able to complete the objectives of the course and of the program. Specific situations are reviewed by college personnel.

Students who are found guilty of committing a felony/misdemeanor may be prevented by a facility from participating in clinical experiences. If you cannot participate in a clinical rotation at an assigned facility, you may not be able to complete the objectives of the course and of the program.
