

Plan to Transfer

CT STATE
COMMUNITY COLLEGE

4-year
college or university

0-15 Credits

- Meet with your [advisor](#) to explore your passions and determine your academic plan.
- Consider an introductory course in the field(s) you are interested in.
- Research different college and university programs.

15-30 Credits

- Confirm your career and academic path! Connect with Career Services on your campus to access online tools to determine which career is your best fit.
- Continue working on Gen Ed courses mixed with a few classes in your major
- Narrow college search to your top 3-5 schools:
 - ▶ Connect with resources at your transfer location
 - ▶ Inquire about admissions requirements, academic programs, credit transfer, tuition and other costs, scholarships, etc.

30-45 Credits

- Attend open houses and College/University fairs to help you narrow your options.
- Map out your important deadlines:
 - ▶ Application for acceptance
 - ▶ Application for competitive programs (i.e. Nursing, Education, Social Work, etc)
 - ▶ Financial aid (FAFSA).
 - ▶ Scholarships.
- Dive deep into major related coursework. Meet with your advisor to ensure your courses are transferable and prepare you for your target school/program.

45-60+ Credits

- Discuss how to apply for graduation with your advisor.
- Apply to your top 3-5 schools (Ask your advisor about possible fee waivers)
 - ▶ Ensure all necessary documents are submitted: Official Transcripts, High School Transcripts, Immunization Records.
- Verify that your FAFSA application includes all applied schools
- Monitor your email for information regarding:
 - ▶ Application status
 - ▶ Deposits
 - ▶ Orientation information
 - ▶ When/how to register for classes at your transfer institution

Congratulations!

- Stay sharp over your brief time away from school and consider taking 1 or 2 summer classes that will transfer (confirm transferability with your accepted school advisor)
- Take some much-needed time for rest and relaxation, you've earned it

Start at your 4-year College or University!

Helpful tips for your journey...

First tip:

Don't wait! Start planning early for a smooth transfer

Build relationships

with instructors, [advisors](#), and transfer institutions

Focus on

making your credits count by knowing:

- Grades for transfer
- Admissions Requirements
- Who can help you

Be aware

that competitive programs/majors may have a different GPA requirement than the standard application.

Don't Forget to:

- Apply for Graduation
- Submit Final Transcripts
- Update FAFSA school information
