### 4th Annual Conference on Student Success and Shared Governance

## ***“Preserving Access, Building Futures, Creating Justice”*** at Southern Connecticut State University, Friday, April 13, 2018

As an important CSCU system-wide event, this annual conference brings together members of the faculty, staff and administration of all 17 campuses of CSCU, the BOR and the system office to celebrate student success in an environment of shared governance. This year’s theme, ***“Preserving Access, Building Futures, Creating Justice,”*** honors our system’s unifying mission that begins with our role as colleges and universities of opportunity for bright, hardworking students, and leads to a just society, where access to knowledge and social mobility are available to all. *At CSCU we build futures, one student at a time.*

#### Keynote Address, FAC Report and Shared Governance Award

The conference will feature an important keynote address, a report from the FAC and presentation of the CSCU system’s first **Shared Governance Award**—to recognize an exemplary model of effective shared governance on one of our campuses. Also to be presented are six **CSCU System-Wide Awards for Teaching, Research and Scholarly Activity**.

#### Be a Presenter at the Conference

The Conference Planning Committee invites you to participate in the conference with your colleagues and to **submit a proposal** for a stimulating presentation, relevant to the theme. Attendees particularly will be interested in hearing about programs or strategies on our campuses that promote social justice by strengthening student engagement, improving curriculum and pedagogy, fostering shared governance, and promoting student success. Breakout sessions for the presentation of papers, panel discussions, roundtable discussions and poster presentations will take place throughout the morning.

**To submit a conference presentation proposal online**, please complete the [Presentation Proposal Form](#).
