1. STATEMENT OF OBJECTIVES

Connecticut State Colleges and Universities (CSCU) seeks, from qualified vendors, proposals to provide software and services necessary to secure, modernize and standardize the current five ERP instances of Banner used within the system. These instances are located at Southern, Central, Eastern, and Western Connecticut State Universities; and a multi-entity processing system, located in Hartford, for the Community Colleges. CSCU’s goals are to increase the effectiveness of its current administrative systems and enhance security.

Within this RFP, Banner ERP systems are collectively and interchangeably referred to as “Banner” or “ERP”.

2. BACKGROUND

CSCU operates under the authority of the Board of Regents for Higher Education (BOR), which serves as the governing body for the Connecticut State University System, the Regional Community-Technical College System, and Charter Oak State College pursuant to Subsection (a) of Section 211 of PA 11-48. Pursuant to sections 10a-71, 10a-88 and 10a-143 of the Connecticut General Statutes, as amended, the BOR is also authorized to act, as necessary, as the Board of Trustees for the Community-Technical Colleges, the Board of Trustees for the Connecticut State University System and the Board for State Academic Awards. Pursuant to Public Act 16-15, the Board of Regents System Office, formally known as the Board of Regents for Higher Education, is now known as the Connecticut State Colleges and Universities.

3. SCOPE

3.1. There are three principal goals of this effort:

3.1.1. To secure these systems with a fully redundant cloud provider that can monitor, patch, secure and operate the five instances 24x7x365 demonstrating 99.50% availability. The successful vendor will provide full disaster recovery, security, business continuity and ensure the various modules are fully patched and systems are updated to current application standards.

3.1.2. To standardize the various modules within the five ERP instances, based on best practices within higher education. Each of the five instances and their respective modules are highly customized to meet workflow and business requirements, within each campus.

   3.1.2.1 The proposal should include a gap analysis performed between the current customized configuration and the proposed solution.

   3.1.2.2. The goal is to determine which proposed solution will meet the workflow and business requirements of the five ERP systems, and eliminate customization to the greatest extent possible.

   3.1.2.3. One of the keystones in standardization is the development of a standard chart of accounts for all five ERP instances and the successful implementation of the new chart.

   3.1.2.4. A formal governance process will be implemented by CSCU to manage these processes in collaboration with the successful vendor.

3.1.3. To better leverage our ERP assets. The current set of services provided by the Banner modules delivers a strong administrative and academic foundation for each of the five ERP instances. However, CSCU has a number of strategic goals that can only be achieved with the acquisition of new functionality and technology. Many business practices are manual and current modules are not effectively utilized to meet customer needs or strategic outcomes. Today’s students require a digital relationship with the administrative and academic systems at the campuses and expect that relationship to be deliver to a mobile device. This relationship starts during the recruitment process, moves to admissions and registration, and then on to managing the critical retention goal of graduating students in 2 or 4 years. To achieve these goals a proposed solution must demonstrate a fully integrated approach focused on customer relationship management (CRM) and the ability to deliver this through a mobile application, throughout the lifecycle of the student experience.

3.2. The chosen proposal will meet the following requirements:

3.2.1. Transition to Cloud Solution with Full Redundancy, Business Continuity and Security.
As noted in 3.1.1, one goal concerns system security and operational integrity. To this end, CSCU desires, as a part of the comprehensive initiative, a solution provider who can accomplish the following:

   3.2.1.1. Provide daily management of all ERP instances and closely associated ancillary systems including, but not limited to, standing up the environments, applying patches, and accomplishing upgrades in close coordination with institutional leadership.

   3.2.1.2. Comprehensive management of the technical environment to optimally support all ERP instances and closely associated ancillary systems including scalability to respond to spikes in load and the
performance capability to deliver excellent system response times for CSCU’s predictable academic calendar transactional needs.

3.2.1.3. Provide backup and recovery keeping the institution’s data safe in the event of multiple service center disasters.

3.2.1.4. Establish and maintain an environment to support the unique aspects of CSCU’s ERP system configuration including, but not limited to, application customizations, modifications, and back end integrations to ancillary systems.

3.2.1.5. Offer monitoring and service level agreements as the functional application level.

3.2.1.6. Provide industry grade physical and cyber security at all times.

3.2.1.7. Provide advice and collaboration with third party vendors, selected by CSCU, regarding integration of applications to the ERP.

3.3. Implement Higher Education Best Practices to Achieve Standardization.
Simultaneously with the adoption of an ERP System, the contractor will perform a gap analysis of the current configuration and move to standardize and eliminate customizations, using the proposed system and higher education best practices. In the current systems environment at CSCU, there is much disparity in how Banner is configured and utilized at the member institutions. Successful outcome of this initiative will result in decreased manual processes, increased utilization of functional modules, stronger governance regarding customizations and standard practices applied to third party applications.

To achieve these stated outcomes, the selected vendor will provide the following:

3.3.1. Perform a gap analysis between the current customized environment and the proposed solution through a comprehensive inspection of the current Banner environments to identify customizations, evaluate current business processes associated with the customization in relation to the new proposed environment, and a careful determination of whether the new configuration meets business needs. A governance structure will be defined by CSCU to extend any customizations into the new environment.

3.3.2. Provide software, services and effective deployment of solutions, including imaging, fully interoperable with Banner to support electronic flow of work to replace current manual processes.

3.3.3. Provide software, services, and effective deployment of solutions fully interoperable with Banner to accomplish digital document management scalable to meet CSCU needs.

3.3.4. Provide specific evidence to support the full integration of any proposed solution into the CSCU environment. For each software solution proposed, please include information related to real time integration availability, maintenance and viability of integrations in upgrades, and any solution maintenance/support responsibilities assumed by CSCU.

3.4. Improve Student Engagement to Achieve Student Success Goals.
CSCU has defined goals related to student success specifically addressing achieving better rate of program completion, improved retention, first year experience, and increased 2-year to 4-year transfer rates. In addition, CSCU is looking to enhance, streamline and develop efficient process in recruiting the freshman class. To further progress toward these goals, CSCU leadership has identified a need to deploy an integrated constituent relationship management (CRM) solution to improve admissions and advising processes. The proposed CRM solution should provide the following, at minimum:
3.4.1. Provide a modern user experience in the Admission process, including:

3.4.1.1. Online application for admission

3.4.1.2. Capabilities to communicate via modern modalities with personalized content and format defined by CSCU institutional leadership to adhere to institutional standards

3.4.1.3. Provide remote access for end users utilizing responsive design to support multiple devices.

3.4.2. Support extended advising support as defined by the institution including:

3.4.2.1. Facilitate comprehensive flow of information among faculty, staff, and others who will be engaging the student in the ongoing advising processes

3.4.2.2. Allow for easy capture of student at-risk indicators as defined by the institution and applied by faculty, staff, and other authorized personnel

3.4.2.3. Support automated communication strategies initiated by institutionally defined triggers

3.4.2.4. Provide robust reporting capabilities including dashboards, graphs, and detailed monitoring to track student engagement over time

3.4.3. Fully integrated with the proposed ERP solutions:

3.4.3.1. Deliver application creation and management capabilities including Banner constituent’s record creation compliant with error and duplicate record checks

3.4.3.2. Capability to define specific data elements in Banner for utilization by the CRM in success formulas and predictive ratings

3.4.3.3. Commitment to ongoing development for increased interoperability and integration with the proposed ERP solution documented in product development roadmaps and timeframes.

3.4.4. Provide specific evidence to support the full integration of any proposed solution into the CSCU environment. For each software solution proposed, please include information related to real time integration availability, maintenance and viability of integrations in upgrades, and any solution maintenance/support responsibilities assumed by CSCU.

3.5. Execute Mobile Strategy

CSCU has defined the need to execute a comprehensive mobile strategy to better meet constituent demands for information on their schedule on any device. Interaction with the administrative systems processes should no longer be limited by access to a specific implement or by business hours in service offices on campus. To meet these ongoing and evolving demands, CSCU desires to execute a mobile strategy by deploying an integrated mobile platform solution that provides the following:

3.5.1. Serve as an extension of the ERP system using real time integration to provide consistent information to constituents utilizing a mobile device

3.5.2. Allow authorized CSCU administrators to customize content to deliver information constituents request beyond that provided in standard functional modules.

3.5.3. Offer embedded analytics to better understand and improve constituent experience
3.5.4. Prove evidence of an ongoing commitment to further interoperability with any proposed system and extended offerings in the mobile platform

3.6. Provide a high-level project plan which approximates milestones and duration/timeline required to deliver the Scope items defined in Section 3.

3.7. Scope Summary Statement
CSCU is looking to develop CRM relationships with perspective and current students surrounding admissions and advising. Additionally, the system is looking to capitalize on new technologies related to imaging, to expedite the flow of data into our ERP system. Standardization of business practices will extend to third party applications related to processing of credit card transactions and chart of accounts. Successful implementation of these strategies is designed to improve efficiency and efficacy of information technology service through:

- Securing our ERP systems with a fully redundant cloud provider
- Standardizing the various functional modules of the ERP instances
- Better leveraging our current ERP assets, enhanced with modern functionalities, for greater customer engagement

Finally, these new applications and the transformation from the current customized system to a proposed system must be fully integrated and operate within a fully redundant cloud provider.

CONTRACT COMPLIANCE REGULATIONS
NOTIFICATION TO BIDDERS
(Revised09/3/15)

The contract to be awarded is subject to contract compliance requirements mandated by Sections 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Sections 46a-71(d) and 46a-81(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies, which establish a procedure for awarding all contracts covered by Sections 4a-60 and 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency awarding a contract subject to the contract compliance requirements has an obligation to “aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials.” “Minority business enterprise” is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: “(1) Who are active in daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of Section 32-9n.” “Minority” groups are defined in Section 32-9n of the Connecticut General Statutes as “(1) Black Americans . . . (2) Hispanic Americans . . . (3) persons who have origins in the Iberian Peninsula . . . (4) Women . . . (5) Asian Pacific Americans and Pacific Islanders; (6) American Indians . . .” An individual with a disability is also a minority business enterprise as provided by Section 4a-60g of the Connecticut General Statutes. The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder’s qualifications under the contract compliance requirements:

(a) the bidder’s success in implementing an affirmative action plan;
(b) the bidder’s success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
(c) the bidder’s promise to develop and implement a successful affirmative action plan;
(d) the bidder’s submission of employment statistics contained in the “Employment Information Form”, indicating that the composition of its workforce is at or near parity when compared to the racial and sexual composition of the workforce in the relevant labor market area; and
(e) the bidder’s promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations.

INSTRUCTIONS AND OTHER INFORMATION

The following BIDDER CONTRACT COMPLIANCE MONITORING REPORT must be completed in full, signed, and submitted with the bid for this contract. The contract awarding agency and the Commission on Human Rights and Opportunities will use the information contained thereon to determine the bidders compliance to Sections 4a-60 and 4a-60aCONN. GEN. STAT., and Sections 46a-68j-23 of the Regulations of Connecticut State Agencies regarding equal employment opportunity, and the bidder’s good faith efforts to include minority business enterprises as subcontractors and suppliers for the work of the contract.

5) Encrypting of Confidential Information that is stored on laptops, portable devices or being transmitted electronically.

c. The Contractor and Contractor Parties shall notify the Department and the Connecticut Office of the Attorney General as soon as practical, but no later than twenty-four (24) hours, after they become aware of or suspect that any Confidential Information which Contractor or Contractor Parties have come to possess or control has been subject to a Confidential Information Breach. If a Confidential Information Breach has occurred, the Contractor shall, within three (3) business days after the notification, present a credit monitoring and protection plan to the Commissioner of Administrative Services, the Department and the Connecticut Office of the Attorney General, for review and approval. Such credit monitoring or protection plan shall be made available by the Contractor at its own cost and expense to all individuals affected by the Confidential Information Breach. Such credit monitoring or protection plans shall be approved by the State in accordance with this Section and shall cover a length of time commensurate with the circumstances of the Confidential Information Breach. The Contractors’ costs and expenses for the credit monitoring and protection plan shall not be recoverable from the Department, any State of Connecticut entity or any affected individuals.

d. The Contractor shall incorporate the requirements of this Section in all subcontracts requiring each Contractor Party to safeguard Confidential Information in the same manner as provided for in this Section.

e. Nothing in this Section shall supersede in any manner Contractor’s or Contractor Party’s obligations pursuant to HIPAA or the provisions of this Contract concerning the obligations of the Contractor as a Business Associate of the Department.

5. FERPA:
In all respects, Contractor shall comply with the provisions of the Family Educational Rights and Privacy Act (FERPA). For purposes of this contract, FERPA includes any amendments or other relevant provisions of federal law, as well as all requirements of Chapter 99 of Title 34 of the Code of Federal Regulations, as amended from time to time. Nothing in this agreement may be construed to allow Contractor to maintain, use, disclose or share student information in a manner not allowed by federal law or regulation or by this contract. Contractor agrees that it shall not provide any student information obtained under this contract to any party ineligible to receive data protected by FERPA.

6. Claims Against The State:
The Contractor agrees that the sole and exclusive means for the presentation of any claim against the State arising from this Agreement shall be in accordance with Chapter 53 of the Connecticut General Statutes (Claims Against the State) and the Contractor further agrees not to initiate legal proceedings in any state or federal court in addition to, or in lieu of, said Chapter 53 proceedings.

7. Indemnification and Insurance:
(a) The Contractor shall indemnify, defend and hold harmless the State and its officers, representatives, agents, servants, employees, successors and assigns from and against any and all (1) claims arising, directly or indirectly, in connection with the Contract, including the acts of commission or omission (collectively, the “Acts”) of the
Contractor or contractor parties; and (2) liabilities, damages, losses, costs and expenses, including but not limited to, attorneys’ and other professionals’ fees, arising, directly or indirectly, in connection with claims, Acts or the contract. The Contractor shall use counsel reasonably acceptable to the State in carrying out its obligations under this section. The Contractor’s obligations under this section to indemnify, defend and hold harmless against claims includes claims concerning confidentiality of any part of or all of the Contractor’s bid, proposal or any records, any intellectual property rights, other proprietary rights of any person or entity, copyrighted or uncopyrighted compositions, secret processes, patented or unpatented inventions, articles or appliances furnished or used in the performance.

(b) The Contractor shall not be responsible for indemnifying or holding the State harmless from any liability arising due to the negligence of the State or any third party acting under the direct control or supervision of the State.

(c) The Contractor shall reimburse the State for any and all damages to the real or personal property of the State caused by the Acts of the Contractor or any contractor parties. The State shall give the Contractor reasonable notice of any such claims.

(d) The Contractor’s duties under this section shall remain fully in effect and binding in accordance with the terms and conditions of the Contract, without being lessened or compromised in any way, even where the Contractor is alleged or is found to have merely contributed in part to the Acts giving rise to the claims and/or where the State is alleged or is found to have contributed to the Acts giving rise to the claims.

(e) The Contractor shall carry and maintain at all times during the term of the Contract, and during the time that any provisions survive the term of the Contract, sufficient general liability insurance to satisfy its obligations under this Contract. The Contractor shall cause the State to be named as an additional insured on the policy and shall provide (1) a certificate of insurance, (2) the declaration page and (3) the additional insured endorsement to the policy to the Client Agency prior to the Effective Date of the Contract evidencing that the State is an additional insured. The Contractor shall not begin Performance until the delivery of these 3 documents to the Client Agency. State shall be entitled to recover under the insurance policy even if a body of competent jurisdiction determines that State is contributorily negligent.

(f) This section shall survive the termination of the contract and shall not be limited by reason of any insurance coverage.

8. Sovereign Immunity:
The parties acknowledge and agree that nothing in this Contract shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of this Contract. To the extent that this section conflicts with any other section, this section shall govern.

9. Contracting with State Employees or Related Family/Business:
Section 1-84 (i) of the Connecticut General Statutes prohibits the College to engage in contracts over $100 with State employees and certain related family or businesses as defined by Sections 1-79 (b) and (f), unless awarded through an open and public process. Contractor has disclosed to State whether it is an employee, related family member or associated business as defined by the statute. The Contractor and State each represent that they have fully complied with all applicable requirements of this statute, which is set forth below (emphasis added), or as it may be amended from time to time:
C.G.S. 1-84 (i) No public official or state employee or member of the official or employee’s immediate family or a business with which he is associated shall enter into any contract with the state, valued at one hundred dollars or more, other than a contract of employment as a state employee, or a contract with a public institution of higher education to support a collaboration with such institution to develop and commercialize any invention or discovery, or pursuant to a court appointment, unless the contract has been awarded through an open and public process, including prior public offer and subsequent public disclosure of all proposals considered and the contract
awarded. In no event shall an executive head of an agency, as defined in section 4-166, including a commissioner of a department, or an executive head of a quasi-public agency, as defined in section 1-79, or the executive head's immediate family or a business with which he is associated enter into any contract with that agency or quasi-public agency. Nothing in this subsection shall be construed as applying to any public official who is appointed as a member of the executive branch or as a member or director of a quasi-public agency and who receives no compensation other than per diem payments or reimbursement for actual or necessary expenses, or both, incurred in the performance of the public official's duties unless such public official has authority or control over the subject matter of the contract. Any contract made in violation of this subsection shall be voidable by a court of competent jurisdiction if the suit is commenced not later than one hundred eighty days after the making of the contract.

C.G.S. 1-79 (b) provides: "Business with which he is associated" means any sole proprietorship, partnership, firm, corporation, trust or other entity through which business for profit or not for profit is conducted in which the public official or state employee or member of his immediate family is a director, officer, owner, limited or general partner, beneficiary of a trust or holder of stock constituting five per cent or more of the total outstanding stock of any class, provided, a public official or state employee, or member of his immediate family, shall not be deemed to be associated with a not for profit entity solely by virtue of the fact that the public official or state employee or member of his immediate family is an unpaid director or officer of the not for profit entity. "Officer" refers only to the president, executive or senior vice president or treasurer of such business.

C.G.S. 1-79 (f) provides: "Immediate family" means any spouse, children or dependent relatives who reside in the individual's household.

10. Forum and Choice of Law:
The parties deem the Contract to have been made in the City of Hartford, State of Connecticut. Both parties agree that it is fair and reasonable for the validity and construction of the contract to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Contractor waives any objection which it may now have or will have to the laying of venue of any claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.

11. Termination:
(a) Notwithstanding any provisions in this contract, the College, through a duly authorized employee, may terminate the contract whenever the College makes a written determination that such termination is in the best interests of the State. The College shall notify the Contractor in writing of termination pursuant to this section, which notice shall specify the effective date of termination and the extent to which the Contractor must complete its performance under the contract prior to such date.
(b) Notwithstanding any provisions in this contract, the College, through a duly authorized employee, may, after making a written determination that the Contractor has breached the contract, terminate the contract in accordance with the following breach provision.
i. Breach. If either party breaches the contract in any respect, the non-breaching party shall provide written notice of the breach to the breaching party and afford the breaching party an opportunity to cure within ten (10) days from the date that the breaching party receives the notice. In the case of a Contractor breach, any other time period which the College sets forth in the notice shall trump the ten (10) days. The right to cure period shall be extended if the non-breaching party is satisfied that the breaching party is making a good faith effort to
cure but the nature of the breach is such that it cannot be cured within the right to cure period. The notice may include an effective contract termination date if the breach is not cured by the stated date and, unless otherwise modified by the non-breaching party in writing prior to the termination date, no further action shall be required of any party to effect the termination as of the stated date. If the notice does not set forth an effective contract termination date, then the non-breaching party may terminate the contract by giving the breaching party no less than twenty four (24) hours’ prior written notice. If the College believes that the Contractor has not performed according to the contract, the College may withhold payment in whole or in part pending resolution of the performance issue, provided that the College notifies the Contractor in writing prior to the date that the payment would have been due.

(c) The College shall send the notice of termination via certified mail, return receipt requested, to the Contractor at the most current address which the Contractor has furnished to the College for purposes of correspondence, or by hand delivery. Upon receiving the notice from the College, the Contractor shall immediately discontinue all services affected in accordance with the notice, undertake all College all records. The records are deemed to be the property of the College and the Contractor shall deliver them to the College no later than thirty (30) days after the termination of the contract or fifteen (15) days after the Contractor receives a written request from the College for the records. The Contractor shall deliver those records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCII or .TXT.

(d) Upon receipt of a written notice of termination from the College, the Contractor shall cease operations as the College directs in the notice, and take all actions that are necessary or appropriate, or that the College may reasonably direct, for the protection, and preservation of the goods and any other property. Except for any work which the College directs the Contractor to perform in the notice prior to the effective date of termination, and except as otherwise provided in the notice, the Contractor shall terminate or conclude all existing subcontracts and purchase orders and shall not enter into any further subcontracts, purchase orders or commitments.

(e) The College shall, within forty-five (45) days of the effective date of termination, reimburse the Contractor for its performance rendered and accepted by the College in accordance with the terms of this contract, in addition to all actual and reasonable costs incurred after termination in completing those portions of the performance which the notice required the Contractor to complete. However, the Contractor is not entitled to receive and the College is not obligated to tender to the Contractor any payments for anticipated or lost profits. Upon request by the College, the Contractor shall assign to the College, or any replacement Contractor which the College designates, all subcontracts, purchase orders and other commitments, deliver to the College all records and other information pertaining to its performance, and remove from State premises, whether leased or owned, all of Contractor’s property, equipment, waste material and rubbish related to its performance, all as the College may request.

(f) For breach or violation of any of the provisions in the section concerning representations and warranties, the College may terminate the contract in accordance with its terms and revoke any consents to assignments given as if the assignments had never been requested or consented to, without liability to the Contractor or Contractor parties or any third party.

(g) Upon termination of the contract, all rights and obligations shall be null and void, so that no party shall have any further rights or obligations to any other party, except with respect to the sections which survive termination. All representations, warranties, agreements and rights of the parties under the contract shall survive such termination to the extent not otherwise limited in the contract and without each one of them having to be specifically mentioned in the contract.

(h) Termination of the contract pursuant to this section shall not be deemed to be a breach of contract by the College.

12. Entire Agreement:
This written contract shall constitute the entire agreement between the parties and no other terms and conditions in any document, acceptance or acknowledgment shall be effective or binding unless expressly agreed
to in writing by College. This contract may not be changed other than by a formal written contract amendment signed by the parties hereto and approved by the Connecticut Attorney General.
