9. Announcements
   a. Financial aid matters, Governor’s scholarship, and committee on counseling
      i. Greg DeSantis reported about Connecticut H.B. No. 5332, an act concerning the Governor’s Scholarship program, which has been passed by the House and Senate. Greg DeSantis and Steve McDowell serve on the Planning Commission for Higher Education Student Financial Aid Working Group, which worked over the past year to make recommendations that led to this bill. Changes in the Governor’s Scholarship (which will now be known as the Roberta B. Willis Scholarship) that this bill yields are expected to be beneficial to students with low household income, and to make the award more equitable for students enrolled in 6 to 11 credits in any given semester.
      ii. Greg DeSantis reported that there is no update yet about a system group which might explore student counseling requirements related to the recent passing by the Board of Regents of the new Satisfactory Academic Progress policy for the CSCU community colleges.
      iii. Estela Lopez reported about the new privately funded national scholarship program, totaling millions of dollars, for in-state and out-of-state undocumented students to attend Eastern Connecticut State University.
      iv. The committee discussed the failure of Connecticut S.B. No. 147, an act assisting students without legal immigration status with the cost of college, to pass the House in 2016, though it did pass in the Senate. There was agreement that the FAC will review this matter
again at an upcoming meeting to consider support of a potential 2017 bill.

b. Update on Outcomes Based Financing
   i. Barbara Richards updated the committee regarding the funding that has been carved out of the CSCU budget and set aside for supporting low-income student recruitment, retention, and completion. She indicated that Erika Steiner intends to hold a meeting with CSCU members of the Task Force Concerning Outcomes Based Financing to begin discussing how those funds should be used. Estela Lopez suggested that the funds be allocated to low-income students via a work-study program. There was general agreement from the committee. Greg DeSantis indicated that the Task Force members might consider suggesting that the funds be targeted via a work-study program to a specific group of students, such as students who are eligible for the Pell Grant. Barbara Richards will ask Erika Steiner to invite Greg DeSantis and Steve McDowell to the meeting with the Task Force members.
   ii. Further discussion followed regarding the future of Outcomes Based Financing and the retirement of Representative Roberta Willis.

c. Meeting with Presidents
   i. Barbara Richards reported that a meeting between the FAC and the 17 CSCU Presidents has been postponed until September. The community college members of the Outcomes Based Financing task force have been invited to the community college Presidents meeting on May 16.

   i. Stephen Adair elaborated regarding the delay of the biannual FAC presentation to the BOR. After agreement by the FAC members, he had requested that the presentation occur in June rather than May this year. The BOR response was that the FAC report has now been scheduled for September.
   ii. The committee discussed potential responses to that schedule change. There was agreement that the FAC will request to report in September and in November in 2016, and will request to report biannually in all future years in March and November.
   iii. There was agreement that in future years if the need arises to provide additional reports beyond the March and November scheduled reports, that request for additional reporting time will also be submitted to the BOR.

Discussion ensued regarding what exactly the system is considering purchasing: Whether it is cloud data storage, external management of the Banner student information system, services beyond either of those, or some combination of all of the possibilities. There was further discussion about who is making the decision about these potential purchases and the involvement of the BOR. The committee considered how to proceed with investigating this initiative; there was agreement that Joe Tolisano be invited to the June FAC meeting.
